

## Advancing Clinical Research for Singapore

SCRI was established in 2008 as the national ACO to enhance the standards of clinical research in Singapore by developing core capabilities, infrastructure and scientific leadership for clinical research.

In 2021, SCRI was appointed as the national coordinating body to implement the national clinical trial strategy and enhance Singapore's clinical trial ecosystem.

### At a Glance

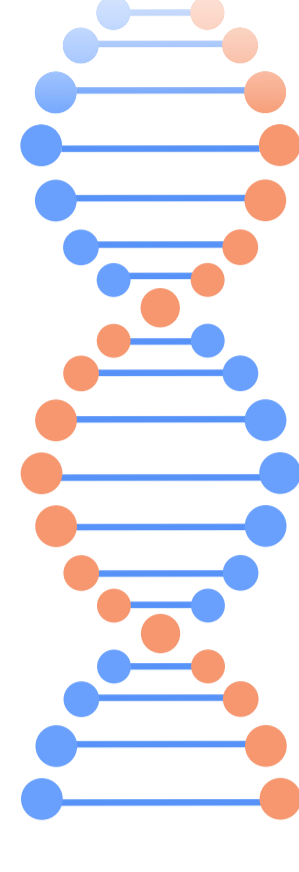

SCRI collaborates with ecosystem players to make Singapore a top destination for clinical trials in the region.

#### National Coordinating Body

Your Gateway to Clinical Trials in Singapore

##### Research Coordination

- National-level Coordination of Clinical Trial Activities
- Clinical Research Networks
- SCRI Academy (Training)
- COCHRANE Training
- National Health Technology Assessments for Research Projects
- Concierge to Trial Industry Sponsors

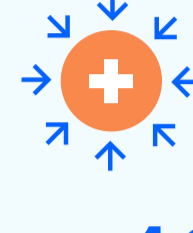

#### National Academic CRO

To Elevate Singapore as a Clinical Trial Site of Choice

##### Research Operations

- Research Monitoring
- Project Management
- Research Informatics
- Data Management
- Biostatistics
- Health Economics Outcomes Research and Epidemiology

### Our Accolades

> 12

Clinical Research Networks

> 580

Clinical Research Coordinators trained

> 600

Clinicians trained via Cochrane Singapore, based in SCRI

Introduced the **Master Clinical Trials Agreement (MCTA)** to accelerate clinical trial agreements for public-private partnerships

> 150

Clinical Trial and Research Studies facilitated for public healthcare institutions

> 20

Health Technology Assessments conducted for public healthcare ecosystem partners (NHG Polyclinics, DUKE-NUS Graduate Medical School and Geriatric Education and Research Institute (GERI))

Fast-tracked Regulatory and Ethics Committee Approvals

## Driving a Robust Clinical Trial Research Ecosystem

Skilled Workforce (Speed, Talent, Esteemed Key Opinion Leaders)

Trusted Regulatory Authorities

Robust Infrastructure

Optimised Resources

## Working with SCRI to navigate the Singapore Clinical Trials Ecosystem

## Nurturing the Next Generation Clinical Research Talent

Capability Building

Professional Communities with Regional Reach

End-To-End Support For Clinical Research

Capabilities for Quality Research Insights

### Our support services at every stage of clinical research

Conception

Clinical Development & Research

Implementation
